

RECONNAISSANCE MAP OF CHITINA QUADRANGLE, COPPER RIVER REGION, ALASKA

Alfred H. Brooks, Geologist in charge.
Topography by T.G. Gerdine, D.C. Witherspoon,
E.G. Hamilton, and W.R. Hill.
The control of the coast line is from data by the
U.S. Coast and Geodetic Survey; that of the inland
region is by stadia traverse, railroad surveys, and
latitude observations.

: East of longitude 143° and north of
latitude 61° there is a possible error of $2'$ in
latitude and longitude.
